**Meteorological and
Geoastrophysical Abstracts**

is a monthly publication presenting current meteorological and geoastrophysical abstracts in English gleaned from the world and domestic literature.

Meteorological & Geoastrophysical Abstracts

Publication Office

Prince & Lemon Streets
Lancaster, Pennsylvania 17604

Editorial Office

Washington, D.C.

P.O. Address

Box 1736, Washington, D.C. 20013
Telephone: 202-546-6734

Administrative Office

American Meteorological Society
Office of Executive Director
45 Beacon Street, Boston, Mass. 02108

Address all business communications, orders and inquiries to the Executive Director, Mr. Kenneth C. Spengler, 45 Beacon Street, Boston, Massachusetts 02108. Exchanges and reprints may be sent directly to P. O. Box 1736, Washington, D. C. 20013.

Subscription Rate

Government agencies and industrial commercial, scientific and research organizations, \$400.00. Educational institutions and public libraries, \$200.00. Back volumes: Vol. 16-20 (1965-1969), same as above. Vol. 1-15 (1950-1964), \$50.00 per vol.; \$10.00 per issue. Special price, Vol. 1-10 (1950-1959), complete set \$200.00.

AUTHOR INDEX

Note: In this index, author entries are arranged alphabetically, and, under excluding author, the titles are arranged alphabetically by the first word (excluding articles) of the original title. The translated title is placed in brackets after foreign language titles. Authors whose names begin with an article or preposition (van, de, di, le, la, etc.) are generally indexed under that article or preposition. Cross references indicate variations from that practice, or possible alternative entries. All titles are listed under the first author. Co-authors, if any, are mentioned after the title. Separate indexes are provided for contract reports (by contract, grant, or project number) and for translations (by author).
